in several measures to safeguard the interest of domestic industry and to make them competitive both domestically and globally. These include special focus on areas such as technology upgradation, infrastructure assistance through cluster approach, enhanced fiscal support, timely availability of credit, adoption of modern management facilities, use of electronic infrastructure and other IT applications to face the emerging challenges of trade liberalisation. Protection to these industries is available in the form of raising customs duties up to the bound leveles, imposing anti-dumping duties and countervailing duties, taking safeguard measures in case of surge in imports etc. An inter-ministerial group under the chairmanship of Commerce Secretary has also been constituted to assess the impact of removal of quantitative restrictions and suggest suitable corrective measures.
